Maximum approved contract cost (EUR)\*:

Dispatch date:

Signature:

*\* To speed up the repair process, you can fill in the maximum agreed order execution cost. Should the repair cost be higher, we will notify you by email before commencing work on the contract. **If the actual repair cost is equal to or lower than the maximum agreed cost, the signed accompanying document is considered a firm order.** If you do not fill in the box, you will receive the quotation by email within 3 business days of receiving the shipment and work on the contract will commence after its written approval.*

**Average repair costs based on the extent of damage are as follows:**

Converter refurbishment      from 600 to 1.000 EUR

Generator repairs              from 500 to 1.500 EUR
